A Word With You

Dear learner,

We are happy that you have chosen a vocational course like 'Cutting Tailoring and Dress Making'.

You all know that today's world is a world of fashion. We all like to make or get made new dresses in order to look attractive. Friends, garment construction is an art and one can adopt it as a profession after becoming skillful in it. From this angle, this course will prove beneficial for you.

In the present course the various aspects of garment construction have been discussed in detail - how to buy cloth suitable to the personality, how to take body measurements, how to cut the cloth and stitch it and the various ways of making the garment look attractive.

In this course, there are two modules to study. Make full use of this art in your life.

With best wishes,

Tutor (Home Science)
